MR. SECRETARY  
ROGER TREWHELLA  
WORLD JERSEY CATTLE BUREAU.

Receive cordial greetings from the technical direction of the VENEZUELAN CIVIL ASSOCIATION OF JERSEY CATTLE BREEDERS, an institution created in Venezuela on June 30, 2015 and whose objective is to promote the breeding and development of the Jersey Breed in our country. It is of great interest to our institution to know what the requirements are to register our association as an associate member in the WORLD JERSEY CATTLE BUREAU. It is important to clarify that a few years ago another Jersey association in our country, as we understand it, registered with the WJCB, however currently, our association is the only one that is carrying out technical work in the country such as farm registration, animals, advice on genetic improvement and the linear classification of our cows, also having the statutes and regulations attached to international standards that have allowed us to achieve the advancement of our association, its members and our genetics.

Finally, we consider it extremely important that you advise us on the steps to follow to achieve the incorporation of our Jersey association into the WJCB.

Thanking you in advance for the help received, we say goodbye to you, sincerely.

MILTON SILVA. M.V. M.Sc  
TECHNICAL ADVISOR  
OFFICIAL CLASSIFIER  
VENEZUELAN CIVIL ASSOCIATION OF JERSEY CATTLE  
(ASOJERSEY VENEZUELA).
